

HIKING

“SCOUTING IS THREE-QUARTERS -OUTING.” Anyone who has been around the BSA very long has heard that saying. Hiking, camping, and other outdoor activities are the heart of Scouting’s attraction for boys. Spending plenty of time outdoors will help every troop succeed.

The hiking program feature concentrates on hiking skills. It also offers Scouts opportunities to learn other outdoor lore. As they prepare for hikes and set out on the trail, younger Scouts can work on a variety of requirements for the ranks of Tenderfoot through First Class. Older Scouts will be able to tackle some of the requirements for a number of outdoor-related merit badges.

The troop’s big event for the month will be a trail trek—a hike of at least five miles in territory unfamiliar to the Scouts. As the patrol leaders’ council is planning a hike, they might want to figure out some special activities to do along the way—nature study, map and compass use, or some other skill Scouts will enjoy. The destination of a hike can suggest activities, too—fishing in a lake or stream, cooking a meal over a camp stove or open fire, reaching the top of a high hill, or pitching in to help with a conservation project.

SCOUTING OUTCOMES

The hiking program feature should give your Scouts

- Improved physical fitness
- Growth in skill and confidence in their ability to take care of themselves on the trail
- A sense of communion with nature and God
- Greater appreciation for the outdoors and a strong determination to follow the Outdoor Code
- Increased understanding of and commitment to Leave No Trace methods for hiking (For the Principles of Leave No Trace, see the *Boy Scout Handbook* or visit <http://www.scouting.org>.)

ADVANCEMENT OPPORTUNITIES

By the end of the month, the Scouts should have had opportunities to meet the majority of their basic hiking requirements through First Class rank. Depending on the activities that occur during the hike, they might also complete all or part of the following rank requirements:

Tenderfoot

- Outdoor—hiking, cooking
- Citizenship—flag ceremonies
- Patrol/troop participation—patrol identification
- Personal development—Scout Oath and Law

Second Class

- Outdoor—cooking, map and compass, hiking, identifying wild animals
- Citizenship—flag ceremonies
- Patrol/troop participation—leadership
- Personal development—Scout Oath and Law

First Class

- Outdoor—finding directions, orienteering, identifying native plants
- Citizenship—flag ceremonies, Good Turn
- Patrol/troop participation—leadership
- Personal development—Scout Oath and Law

Merit Badges. Older Scouts can concentrate on completing most of the requirements for the Hiking merit badge and can help younger Scouts prepare for the troop hike. Boys with backcountry experience might also wish to fulfill various requirements for Camping, Cooking, Orienteering, Backpacking, Pioneering, Wilderness Survival, and other nature-related merit badges.

PARENT/GUARDIAN PARTICIPATION

The patrol leaders' council can involve parents and guardians in the hiking program feature by

- Inviting them on the troop trail trek
- Asking qualified parents and guardians to help with instruction in hiking skills and Leave No Trace techniques
- Arranging with parents and guardians to provide transportation to and from the starting point of the hike

PATROL LEADERS' COUNCIL

The patrol leaders' council should have met during the early part of the previous month to plan troop activities for this program feature. If they didn't complete all of the items on the following agenda, they can continue planning at brief patrol leaders' council meetings after each troop meeting.

- Decide on the route and destination of the troop hike.
- Review the skills Scouts must have for a successful hike.

- Discuss Leave No Trace principles that apply to hiking.
- Choose a highlight activity for the hike—orienteering, cooking a trail meal, etc.
- Make a list of equipment needed for the hike and determine how it will be acquired.
- Consider inviting a Hiking, Backpacking, or Orienteering merit badge counselor to help with skills instruction at troop meetings.
- If permits or other forms of permission will be required to hike on public or private land, they should be arranged by the Scoutmaster, a member of the troop committee, or another adult leader.

BIG EVENT

The Trail Trek

A troop trail trek can have a triple-barreled objective: to provide fun and adventure for Scouts, to help them meet hiking requirements for Tenderfoot through First Class ranks, and to offer other opportunities for advancement with activities along the route and at the destination.

Match the trek to the level of your Scout's experience. If most of the Scouts are young and new to the

backcountry, a five-mile hike over fairly easy terrain is long enough. If the Scouts are older and more seasoned, a 10-to-20-mile hike over fairly rugged terrain could be about right. In all cases, Scouts should pack everything in—and out—including patrol equipment, food, and personal gear.

Ideally the route and destination should be unfamiliar to the Scouts so that they can use a map and compass to find their way. If feasible, each patrol might start from a different spot so that Scouts will not simply follow the patrol ahead.

Here are three highlight activities that can be featured at the destination of a hike:

Orienteering

During a hike, Scouts can practice taking compass bearings, identifying landmarks on their maps, and setting courses from one point to another. Refer to the *Boy Scout Handbook* for information on using maps and compasses.

The *Orienteering* merit badge pamphlet explains ways to set up orienteering courses and to conduct cross-country and relay orienteering challenges. An Orienteering merit badge counselor or members of a Venture patrol can set up a course ahead of time and have it ready when Scouts reach the destination of

their hike. Another useful exercise would be to use triangulation at the end of a hike to determine the distance traveled.

Nature Lore

A nature study highlight might encourage Scouts to work on several rank requirements and on certain requirements for the following merit badges: Bird Study, Environmental Science, Fish and Wildlife Management, Geology, Insect Study, Mammal Study, Nature, Reptile and Amphibian Study, and Weather. Merit badge counselors and other experts in these fields could accompany the troop to provide guidance. Scouts can also carry field guides to identify plants and animals along the way.

Conservation Project

A conservation project can be a highlight of the troop trail trek. Because Scouts will spend more of their day hiking than working, a project should be small in scope, well planned, and coordinated with knowledgeable land managers. A key to successful conservation projects is thorough planning and guidance by experts.

(For project ideas and guidelines for carrying them out, see chapter 19, “Community Service,” and “Conservation Projects” in chapter 9, “The Outdoor Program,” in the *Scoutmaster Handbook*. The BSA’s *Conservation Handbook* also contains plenty of information about ways Scouts can complete worthwhile projects on public and private lands.)
